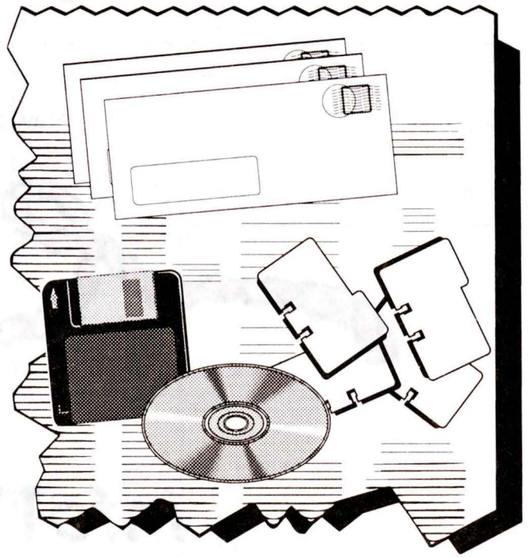
*info*TYME®

By itself, raw data is not very useful. A street address is of no help if you don't know what city it is in. A phone number means little if you don't know who it belongs to. Without integration, the information you have is as useful as a single strand of fiber.

By placing the data elements into an integrated package, you have something to work with. Such is the purpose of *info*TYME. It combines a variety of data elements into relationships that are meaningful to your business.

Using the CD-ROM on your personal computer, you can find residents, businesses, phone numbers, addresses, occupations, homeowners, marital status, ages, median home value and much more. You are in control of the ways to search and use the data. Find neighbors of existing customers...look for households with children...search for all the homeowners on a particular street.....the choices are nearly limitless. With the target marketing version, once your search is complete you can print your own mailing labels or customized lists, or even export names, addresses, and phone numbers to an existing database. There is no separate charge for each use and you have the freedom to specify the contacts using desired criteria.

Just as it takes several pieces of tightly wound fiber to make a strong rope, so it takes the comprehensive integration of multiple data elements, search criteria, and usage options to make a powerful business information tool. That tool is *info*TYME.



Find out more about *info*TYME by speaking with your Equifax Polk City Directory sales representative, or by calling **1-800-275-7655.**

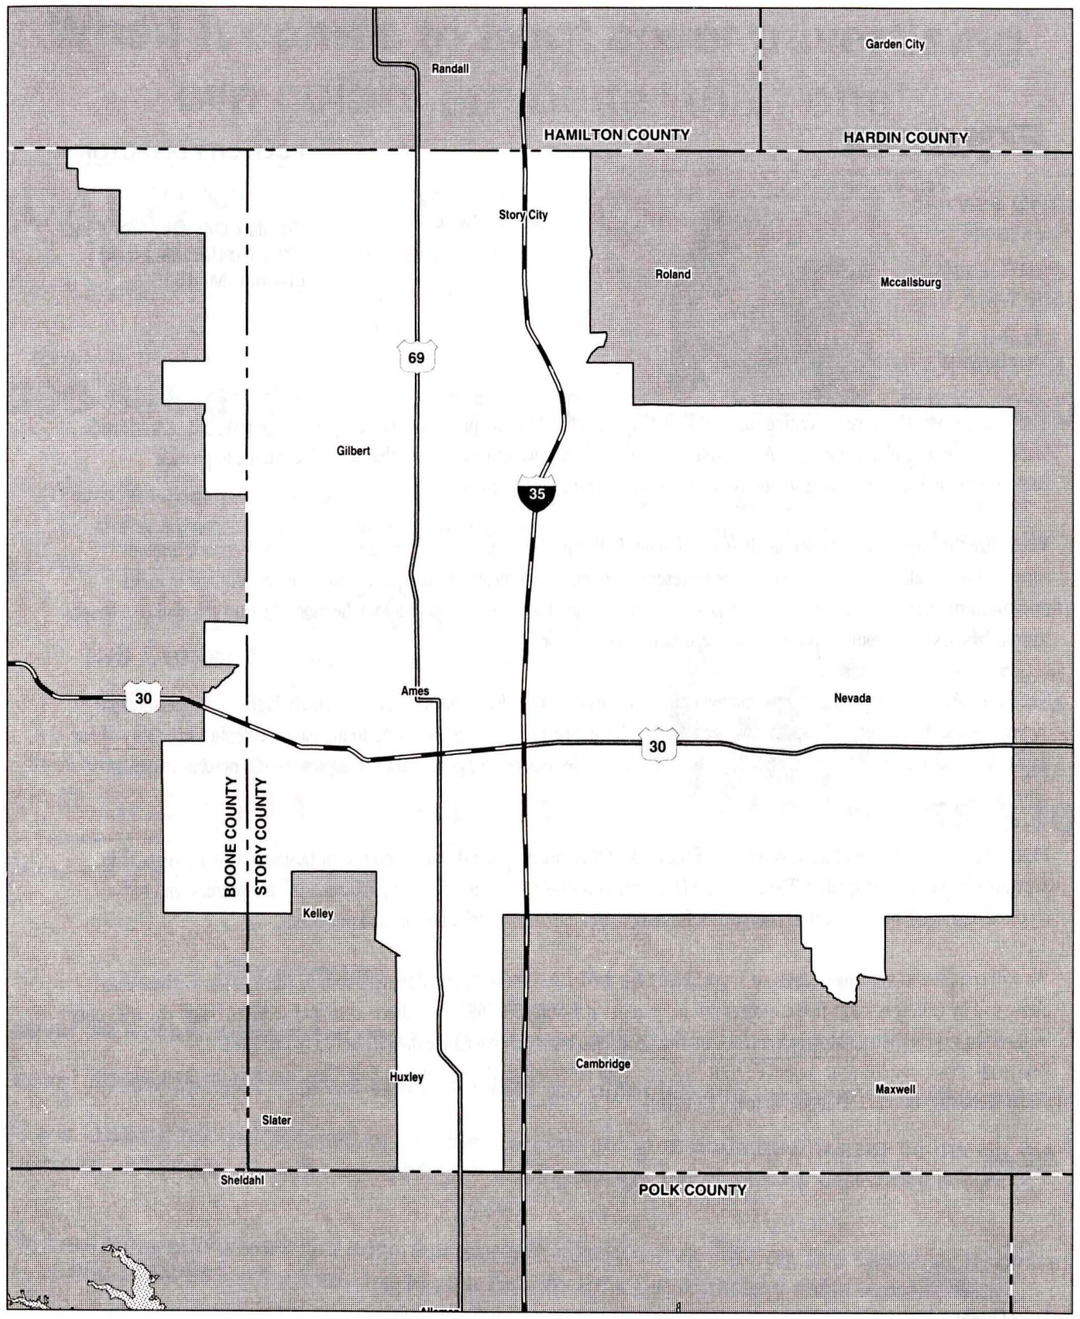
Dear Business Associate:

The Year 2000 has been very exciting for us at Polk City Directory! We are proud to now be a part of Equifax, Inc., a worldwide leader in shaping global commerce. As a result of our new identity, we can ensure you that we will continue to provide comprehensive direct marketing solutions just as we have for the past 130 years.

We realize the importance of continually improving our Polk City Directory product and appreciate your feedback through surveys, phone calls to our customer service representatives, and other means. Your input is crucial as we continue to make improvements. One change we have made as a result of your input is the inclusion of a Map Section. We trust this will be a benefit to your business and would appreciate your feedback on the section.



The Polk City Directory's layout, information options and its ease-of-use consistently rank extremely high in user satisfaction surveys, while data accuracy is an area we are targeting for improvement. We are working to increase the depth and quality of our data to keep pace as best we can with today's fast-paced, mobile society. Our goal is always to provide 100 percent customer satisfaction.

Please refer to the change of address form near the back of this directory to inform us about your business, which assists us in providing improved data quality. The Polk City Directory is compiled from a variety of public and private sources, and self-reported data is the most important source of information, minimizing the risk of errors and omissions.

We will continue to implement changes suggested by our associates. Please keep your input coming through the avenues listed above and by calling our toll-free customer service number at **1-800-275-7655**. In addition customer service related inquiries could be directed via email to **Customer.Service@equifax.com** You can also contact me directly at (734) 542-6261

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, not does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.
